Archiproducts Design Award - Gewinner

The winners of the sixth Archiproducts Design Awards have been finally revealed!

Chosen among over 750 submissions and judged by a jury panel made up of the leading figures in Architecture and Design, the winners stood out for their unique concept and represent the excellence in creativity, technology and research: you can find several brands that has made the history of Made in Italy as Flou, Poltrona Frau, De Padova, Porada, Gallotti&Radice, De Castelli, Boffi, Minotti e Porro.

This year, it **has** been introduced the Special Mention for Sustainability, that is celebrating products that stood out in terms of use of recyclable and biodegradable materials, production techniques that reduce polluting emissions, and minimum environmental impact during the product's entire life cycle.

Winners will be awarded a Limited edition prize designed by MUT Design and made by De Castelli and the designer will receive a prize designed by Michael Anastassiades for Salvatori.

See below the full list of the products that you can find on our shop or for which you can ask for more information or a quote.
